

GROUP OUTING TO AVIODROME

A GROUP OUTING AT HIGH ALTITUDE

Aviodrome Aviation Museum is a world full of aviation adventure! In the exhibition '100 years of aviation in the Netherlands', you will discover everything about flying. You will see the Wright brothers' first plane and Anthony Fokker's Fokker Spin, meet Connie (the Lockheed Constellation), admire Aunt Ju (Junkers), and many other flying legends. Step on board the Boeing 747 with your group, fly around the world together in a flight simulator and even leave Earth for a moment to take a look in space as an astronaut. You can also test your Spyker nerves during the 4D film, Skymania. And your group will access areas that are closed to others. How about taking a seat in the cockpit of a fighter jet?
